*You and I on a joy ride
Wheels turn and carry us far away
Just relax until no more
Numbers come up*

*Glance to the sides
Wind whistles come in gusts
Climbing, going down, no matter
Or winding roads*

*I worry about the sound of the clanking
Springs broken top to bottom
Passion is calmed
So delightful*

*The moon shines forth
From the fluffy clouds
We have come to the end
We must return home!*

*Sing your song my beloved
As we go home
Breathing gasoline
The wheels are turning*
